Stomatitis Materna -D C McGugin, Iowa.

peveral State Societies. On motion of Dr. Brodie, amended so as to refer the same to the officers of several State Societies. The Committee also recomend the amendment of the third article of the constitution, in relation to

meetings, by inserting after the words "first Tuesday in May," the words, or the first Tuesday in Juse, and slee by inserting after the words "shall an expressio of thanks for the social amenities they be determined" the words with the time of meeting." vittee on the present st-te of science, as regards the puthology and therapeutics of the reproductive organs of the female, D. Foroyce Barker of New York. On Moral Insanity .- D. M. Reese, M. D. New

On Calculi and Diseases of the Uriary Organs, in Iowa, Minnesota and Nebraska .- Dr. J. Hu hes, of Keckuk. On the nature, tendency and general treatment of

Suphititic bubo - + o - Gunn, of Detroit. On Medical Bincation. - (By Dr. Currey's reso lution) -Ja R. Wood, of New York; Geo. R. Grant, Me uphis, Tenn; John Watson, New York; C. B. Nottingham, Macon, Ga.; Rene La Roche, Philadel-To fil a vacancy in the Committee on Medical Topography and Epidemics. - Dr. J. L. Caveli, Quariousville, Va.

Dr. Marah moved that the Report of the Nomi-

nating Committee be taken up and each subject to which it refers, be considered separately, which motion prevailed. That portion relating to nomine tions was then adopted. The place of the next annual meeting of the As-

sociation being the next subject in order, after some discussion. On motion of Dr. Marsh, the report of the com-

mittee was adopted. Dr. Li dsley moved that, as Dr. Semmes, one of the new elected Secretaries was absent, Dr. Bro-

die, of Michigon, be elected Secretary pro sem, which was carried Dr. Pitcher off. rad the following resolution which was unsuimously adopted :

Residued. That a Committee of three be appointbe Casirman, to communicate with the Surgeon General of the Army, the calef of the Medical Bu-

The Chairman appointed as such committee, Dre. Z. Pitcher, of Michigan, and R. H. Coolidge, o

Dr. Yandall offered the following resolution: Resolved. That this Association re-affirm the principles respection the right- of constituent bodies announced in a Report contained in Vol V , of its Transactions in the following terms: "The Faculty of every chart-red Medical College,

snall bave the privilege of sending two delegates to the Association, provided that the said Faculty contain not less than six Professors, who give one course of instruction annually, of not less than sixteen weeks, on Anatomy, Materia Medics, Thes ory and Practice of Surgery, Midwifery, and Chemistry, and also that the Said Faculty requires that its candidates for graduation, among other requisites, shall have attended two roll courses of lectures with an interval of not less than six months between them, one of which courses must have been in their Institution.

Dr. Breckinridge in the Chair, Dr. Buchanan proceeded to discuss the resolu-

tion, and at the close of his remarks, moved to lay it on the table, which was subsequently withdrawn. Dr. Boring offered the following resolutions in fies, which he proceeded to discuss: Resolved. That this Association has not the pow-

er to control the subject of Medical Elecation. Resolved. That the great objects of this Association are the advancement of afedical Science, and the promotion of harmony in the profession

Resolved, That the attempt upon the part of this body, to regulate Medic I Education, having most signally failed in its object, and already introduced ments of discord, any further interference with the Association, who had arrived since the meeting | this subject would not only be useless, but culculated to disture and distract the deliberations of the

Dr. Currey offered the following resolutions in lieu of the whole subject;

Whereas, The subject of Medical Elucation bas be a committed at each annual Session to standing mmittees, and various suggestions have been proposed which the Association has adopted, and recommended to private instructors and to the Medical Colleg-s.

Resolved. That a committee of fivebe appointed by the Committee on nominations, as a Special Committee, to be composed of members who are in no respect connected with any Medical School, to devi- a System of Medical Instruction, to be presented for the consideration of this Association at its anoual S ssion in 1858.

Resolved, That the proposed system shall set forth a unitorin basis upon which our Medical Institutions shall be organized as well as have reference to the best mode of securing the Preparatory Medical Instruction to the Student, and that cons quently the legitimate subjects to be embraced in sart sy tom will include Primary Medical S hoolsthe name of Prof ssorsates in Medical Colleges, the length and number of terms during the year, the requisite qualifications for graduation, and such other subjects of a general character as to give uniformity to our Medical System, and preserve harmony and hi noly intercourse in the ranks of the prof suon.

Resolved, That, upon the adoption of the proposed system by the Association, all Institutions which may conform to it shall be entitled to repre-Bentation at the Annual Sessions of this Association and none others. The subject was further discussed by several

Dr. Reese, after some remarks, moved the indefinite postponement of the whole subject; which was

Dr. Arnold moved the previous question which was lost, and the discussion proceeded at considerable length, when

Dr. Hooker moved the previous question on the resolutions of Dr. Curry. The reading of the various resolutions being

called for, they were read to the Association. The motion of Dr. Hooker being in order the previous question was called and the resolutions of Dr. Curry were adopted. Dr. Bowling Chairman of the Committee on Prize

Essays submitted the r port of said Committee, as The Committee on Prize Essays report that four Essays have been received, each possessing great

The Committee selected the following two Essava for the two prizes, provided for at the last meeting of this Association. Ist. One entitled "The Excreto-Secretory Sysem of Nerves. Its relations to Physiology and Pathology," with the following motto: "Observation becomes Experiment when used in severe processes of I-duction," and signed, Henry

France Compuell, Georgia. 2nd. "Experimental researches relative to the Nutrition, Value and Physilogical Effects of Albumen. Starch and gum when singly and exclusively used as food," wish the following motto.

"Qum sequimur? quone in jubes? ubi ponere Da pater augurium, atque animis illabere nostris!" and signed, William A. Hammond, M. D. Assist. Surgeon, U. S. Army.

The President read an invitation to the members of the Association to visit the University of Nashville, in its Military, Literary, and Medical Depart-

The Committee on Voluntary Contributions, reported in favor of the publication in the Transactions of the Association, of the following paper. "On the blending and conversion of Typ s in Fever. By C. S. Pease, M. D., of Wisconsin. The re-

Dr. McMurray offered the following resolution which was adopt d:

Resolved By this Association that the Committee on Publications be instructed to append the Cole of Ethics of the American Medical Association to each volume of its present and future Annual Trans-

The amendments to the Constitution proposed by Dr. Stocker, of Pa., at the last Annual Session.

were taken up and laid on the table. Dr. Lindsley offered the following amendment to the Con-titution, which was seconded by Dr. Gunn: - In Art. II, omit the words 'Medical Colleges: and also the words 'The Faculty of every regularla constituted Medical College, or chartered School of Medicine, shall have the privilege of sending two delegates.

The smendment lies over until the next meeting of the Association, under a rule of the organization. On motion of Dr. Palmer, the resolutious reported at the last Annual meeting of the Association by h . Committee on Plans of Organization for State and County Medical Societies, were taken up and The following resolutions were offered and

adopted : Ry Dr. Pitcher-Resolved, That the members of this Association.

as recipients of the cordial, generous, and elegant hospitalities extended to them by the profession and the citizens of Nashville, in placing on record have enjoyed during its tenth annual session, wish also to leav. b hind them the assurance, that the recollection of theirshort sojourn in Tennessee, will be cherished as dearly as the remembrance of the far off sound of water, by the exhausted and wayworn traveler. By Dr. Means-

Recoined, That the earnest thanks of this body be presented to the authoriti s of the State and City, who have ten tered this magnificent State Capitol for their sittings during the present session. By Dr. Currey .-Resolved, That the thanks of the Association be

tendered to the Reporters of the City Press, for the accuracy and promptness with which they have reported the proceedings of the Association, and to the Publishers, for the liberal supply of their morning papers during the Session of the Association, By Dr. Wister-

Resolved. That the thanks of this meeting be presented to Dr. Wm. Brodie, for the efficiency with which he has discharged his duties as Secretary. By Dr. Byford-Resolved, That the State and County Societies

throughout the Union be requested to recommend officers act as agents for the same, On motion of Dr. Gunn, of Michigan, the Associ-

ation recognized the presentation of a pamphlet by Henry Frezer Campbell, M. D., claiming "Prority in the Discovery and naming of the Excito-Secreto ry System of Nerves."

On motion of Dr. Byford, the Association then adjourn d sine die. Spaine Fain .- The opining of this exhibition

on yesterday, was highly entertaining and gave the ed, or wance the President of the Association shall highest satisfaction to all parties interested. The crowd to-day will undoubtedly be large, as the reas of the Navy, and the Secretary of the Treasu-ry of the United States, with a view to secure the concurrence of these departments of the Federal not fall to attend to-day and to-morrow. Owing gov. roment, so that its contributions to the Medical ropography, the Vital Statistics, and the Sanitary Police of the nation may be made tributary to the labors of this Association.

## STEAMBOAT AND RIVER NEWS

The Cumberland is still rising at this point, with about 12 feet or more of water on Harpeth Shouls The arrivals yesterday were the Nettie Miller, Cuba, and Ella from Paducah, the Nashville from New Orleans, the Clifton from Pivsburgh, and Sallie West from St. Louis.

The only departure was the V. K. Stevenson fo

The City of Huntsville was looked for last night. The Sallie West leaves for St. Louis this evening at 5 o'clock .

The splendid Passenger Steamer "Ells," leaves at 10 o'clock this morning for St. Louis, connecting with the Loui-ville mail packets at Smithland. We are under obligations to her clerk, Mr. Bell, for river favors.

ANOTHER MOVEMENT OF PROGRES .- The COR eletion of the Memphis and Charleston Railroad has been followed by the establishment at Huntsville, (Ala.) of a tri-weekly newspaper, by Wigg- & Dew. It is called the ' Huntsville Tri-weekly Independent." Our enterprising contemporaries have our best wishes for their success.

WINTER, at 76 Church street, makes excelent shoes. Those who desire such an article, will find this statement to be true upon examination

ARMSTRONG & Co., No. 69, Market street, near Broad, have received a very heavy stock of Agricultural machinery, farming implements, &c. Harvesters, Threshers, Straw-cutters, Plows, Cornplanters, &c. &c. Also grass seeds, paints, oils, Hous -building materials, iron mantles, window sashes, &. This fir n are the immediate Agents of many of the best manufacturers, and will sell on the most reasonable terms. We know them to be reliable gentlemen, and prompt and accommoda

Armstrong & Co., will fill all orders from the South and West, and those at a di tance may safely rely upon it, that their orders will be as well at tended to, and on as reasonable terms as if they were personally present. It is more for the interest of our large circle of farming readers, than as a gratuitous puff of the firm, that we make these

We direct the attention of our readers to the advertisement in another colomn, of "Manny's celebrated Reaping and Mowing Machines." Col B. F. Cheatham, at Johnson, Horne & Co's, will supply them to all who will favor him with their

Attention is called to the advertisement of "Platform Beehives," patented by Sylvester Davis, and for sale by D. C. Estes of this city. The successful management of bees is almost as difficult proposal It is believed this would be acceded to. as any other of the arts of farm economy. And if Mr. Davis has succeeded he will doubtless receive

a liberal patronage. SALE OF REAL ESTATE. - Speculators in real es tate, and persons desiring to purchase lots to build residences upon, are reminded that Woods's sale of lots takes place to-tay. These are very valuable lots,-none more desirable are being offered at

A few days ago an infant, in a state of decomposition, was taken from a well on South Market street. From appearances it must have been in the well some time, and was probably placed there immediately after its birth.

FOR LOUISVILLE AND ST. LOUIS .- The fine passenger steamer Cuba, leaves this city at 12 o'clock this day, connecting at Paducah with the Alvin Adams for Louisville and the High Flyer for St. Louis. Those destined for either of these cities will go directly through by taking passage on the Cuba. Through tickets \$8.

Not the least notable occurrence in the city yesterday, was the parade of the "Shelby Guarde," in their new and superb uniform, they attracted the attention and admiration of all, Long may they survive. The uniform of the Company is in the highest style and finish of the art, and reflects much oredit on the skill in fitting, and the workmanship in making of Mr. Abbott, of the firm of Clifton & Abbott, C.dar street.

A beautiful banner was presented to the Company vesterday, on either side of which is a superb portrait of the venerable Dr. Shelby, in honor of whom the corps took its name.

BEMARKS

OF DR PAUL F EYE, IN ASSUMING THE CHAIR AS PRESIDENT OF THE AMER. MED. AS OCIATION. Gent emen of the American Medical Association : It is with deep emotion I attempt to return you my heart-left thanks for this distingui-hed honor. In elevating one so unworthy of this station, so ilprepared to preside over your deliverations, or carry out the great designs of this body, I must express the apprehension that you have done yourselves injustice, and, it may be, not advanced its best interests. But, believing that the office should neither be sought nor declined, when tendered as it has been, atter my State had declined to take any part in the nomination of a presiding officer, I enter upon the disc sarge of its onerous outles with much diffidence, and shall have frequent occasion

to throw myself upon your considerate indulgence,

We are engaged, gentlemen, in a good and noble

work. Life, the greatest of human blessings, and

health, the sweetest stimulus to earthly erjoyments, are our end and sim. We live to secure the one and to preserve the other. To promote these all important objects, the medical prof ssion of our country have, during the last twelve years, annually appointed deligates to assimble and counsel how this may best be effected. And we are here to-day on one of these great festive occasions, and, amidst our congratulations, these glorious reunious of good-will and fellowship among the brotherhood, must not forget that to us is committed the health and lives of others. In maintaining the honor and increasing the usefulness of medical science we become the best contributors to the welfare and hap iness of those around us. You have come up hitter from the North and from the South, from the East and from the West, and have done well neither to count the costs nor calculate the sacrifice; for the cause in which you are engaged is worthy of you. You present again the subline spectacle of protherhood from all sections of this widely extended Union, congregated to de vise the best means to relieve suffering humanity; and may I not ad .

MACHINES. T the great Indiana State Trial of Reapers and Mower A June 26, 17, 23, 1856, at Richmon 1, under the direc-ion of the State Committee, the First Premium of a \$5,00 liver Pitcher was awarded to the Manny Machine for Joing ts work the best, and for being the best combined Machin its work the best, and for being the best combined Machine.
In competition at the trial were twelve o her kinds of Harvesting Machines; among those actually put to the test in the field by the committee, were the Atkins Self-Raker, New York Self-Raker, Mann & Son's Indiana Self-Raker, Museac usetts Seif-Raker, Danfield's Combined Machine Lind-Raker, New York Hand-Raker, Deits & Duham' Hand-Raker and the Ken uccy Harvester Combined. Phese were all, with one exception, ombined Marhines. There were also several other kinds of Machines on trial against

the Manny Machine. The trial lasted through three days, and the Manny Machine was triumphant in the field. A First Premoum has also been awarded the Monny Machine as a mower, the Kencucky Harvester consenting.

Decision of the Committee upon the trial of Reap We, the undersigned, a committee appointed by the agricultural Bureau of Tennessee to examine and test Mowing Backlines and report the result to the Bureau at its next meeting, in execu ion of said trust, appointed Thursday, June 5th, to test the five different Mower entered. Namny's Combined Reaper and Mower; Maon's Self-Raking Reaper and Mower combined; Ketchum's Mower; Atains' Self Raking Reaper and Mower combined, and Delta & Dunhain's Kam-Fower Resper and Mower. Wednesday, J ne 11th, was appointed to to 4 the Reap ers that were entered, as follows:

De ts 4 Dunham's Reaper Atkins' Self-Raking Reaper

Manuy's Reaper, New-York Hand- aking Resper, Mann's Self-Hazing Reaper, and the New-York Self-Razing Reaper. In the result of our judgment, the a ward is given to Man-ny's, as the best Comb ned Machine. Y. S. PIJKARD, J. C. H. KRIS, J. M. KNIGHT,

LINDSLEY'S ADVERTISEMENTS.

McGAVOCE. THE GREATEST AND BEST CARD OF ALL THE Proprietors of McGavock are sparing no pains to make their second sale, advertised to come off on MOND 17, the 11th, the most attractive that has ever taken place in Nashvike. They will on that occasion offer the following extraordinary inducements to purchasers and settlers: The person who on that day purchases the highest priced lot will have one-haf of the purchase money above that in the way last payments will be surrendered est priced lot will have one-haf of the purchase money abated; that is, the two last payments will be surrendered to him. The person who, within 13 months from the day of sal", creets the handsomest and best dwelling, will have his to last notes given for the lot built on surrendered to him. All purchasers of lots who, within 13 months from the day of sale will erect on their lots nest and substantial buildings, worth not less than 5-20, will have the interest on the piece of the lot so built refunded to him. The side takes place on the grounds, on M.NDAY, the 11th instant, at 10 o'clock, A. M. The terms are 1, 2, 3 and 4 years for notes be rune interest, the two first as a factority secured and a lim refamed. Everybody will attend. Who will draw the prize of Everyone has a fact chance.

A. V. S: LINDSLEY:

NEW AND CONVENIENT HESIDENCE FOR SALE-AF A BARGAIN. am now offering for sate that next brick residence in Hymny addition, adjoining the residence of Esq. Mamning. The lot (the north half of sot 13.) fronts 38 feet on Enowice street and runs back 152 feet to a 20 foot alog. The house is new, two stories, contains six good recent, has a good enserin, and will be sold at a great bargar. It not previously sold, on Saturday the 9th inst, it will be off-red at public sale at the Court House gate, in Nashville, at 13 o'close, M.

For terms &c, call on

THE CHEAPEST PROPERTY. AND BEST BARGAIN. I Am now offering at a great sacrifice, that valuable Pproperty, on College Hill, immediately opposite the University, so long occupied by the late Dr. Troot The lot fronts sixty feet on Market Street, with the same front on

It will also be found to be the best thing ever invented to cover or mend oid leaky tin, tar and gravel roofs, or stround chimneys, scuttles, dormar windows, and gutters, where she tin is reasted through. This Coment can be put on to last as long as stone, and form a perfect adiction to any object to which it is applied. Tin Boofs can be painted over (and warranted not to leak) at two d liars and fifty cents per hundred square feet, which is cheaper and much better than paint. This Boofing will be found to be the best theng for covering large Roofs where they are exposed to fir—such as Seam Mills, Saw Mills, Factories, Railroad Cars, Bridges. Depts, Station Houses, Steamboat Deore, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is period, without a joint in it, is present and chance for fire to communicate, and any light substance will harn out without igniting.

Insurance Offices at Cincinnati, and other pinces where Childs a Co.'s Cement has been used, insure smidings with Boofs covered with Iron, Copper or Tin.

The Cement will be turnished to those at a distance with directions for using.

The Cement will be furnished to those at a distance with directions for using.

PATENT

ELASTIC FIRE & WATER-PROOF

CEMENT ROOFING.

THE undersigned are prepared to introduce this use in Tennessee W. E. CHILDS & CO.'S PATENT ELASNO FIRS AND WATEN-PROOF CRMENT ROOFING, and at the attention of Architects, Builders, Railroad Comsanies, and the public to examine its superiority over other

ARCHITECTS AND BUILDERS should not fall to

ARCHITECTS AND BUILDERS should not fall to examine this Rooting, as it is better and cheaper than any thing in use. The material forms a hard and smooth curface that will resist the action of the atmosphere in every climate. It is impervious to water, clastic, and flashie. It contracts and examines with the changes of the a'mosphere, and will neither avaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperialable, and will perfectfully resist any ordinary external exposure to fire, as is shundantly proved, and we will warrant it water-proof. We will engage to put our Rooting on over ordinary good heathing, old shingles, tar and gravel, tin, sine, copper, or from roofs—It making no difference how steep or flat they may be for seven dollars per one hundred aquire feet, it being far cheaper than any floof of the old style, and we are sure it will give better astisfaction.

It will also be found to be the best thing ever invented to cover or mend old leaky tin, tar and gravel roofs, or around

CINCINSATI AGESCY ROYAL INSURANCE COMPANY, ? I have examined W. B. Childs & Co.'s " shatic Fire and Water Proof Coment Roofing," and as far as I can judge, consider it a great invention, and an willing to insure buildings thus protected upon the same terms as I means those covered by metal.

Agent Royal Ins. Co., London and Liverpeol.

From J. B. Bennett, General Agent of Bins Ins. Co. for the Bouthern and Western States. CISCINNATI, Jan. 7, 1857. CINCINNATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the "Patent Elastic Cement months," introduced into this city by Childs & Co., I find it to be highly recommended in this city by many execulent judges; that it is meeting with very ready and general introduction, that it is meeting with very the tar composition Roofing is decided and freely admitted and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use tin, but will try the virtue- of the "Patent riastic Roofing" as a substitute.

Yours truly

Childs a Co.'s Patent Comens Rouding is now used her a on our best class of Suiddings. We are covering our Freigh t Cars with 1, and our Master M. change reports very favore OFFICE OF THE ONIO AND MISSESSIPS RAILROAD CO., }

ing or cars, we may say that from our observation, we entertain a very favorable on e.—so much so, that we intend testing it thorought on roofs of buildings, caus, &c.; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly, E. LIPP+NCOFT, Supply Agent Onio & Mi s. R. R. Since the above was written, the Ohio and Mistasipal Railroad have constracted for covering it eir cars, depose and bridge between Cinciunati and Vincennes, with this Cement, considering it the best article thay have used. this Cement, considering it the best article they have used
